## Independent Auditors' Review Report

To the Board of Directors of United Renewable Energy Co., Ltd.:

### Introduction

We have reviewed the accompanying consolidated balance sheets of United Renewable Energy Co., Ltd. and its subsidiaries as of March 31, 2024 and 2023, and the related consolidated statements of comprehensive income, changes in equity and cash flows for the three months ended March 31, 2024 and 2023, and notes to the consolidated financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

### Scope of Review

Except as explained in the Basis for Qualified Conclusion paragraph, we conducted our reviews in accordance with the Standard on Review Engagements 2410, "Review of Financial Information Performed by the Independent Auditor of the Entity". A review of the consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Basis for Qualified Conclusion

As stated in Note 4(b) and 13(b), the consolidated financial statements included the financial statements of certain non-significant subsidiaries, which were not reviewed by independent auditors. These financial statements reflect total assets amounting to \$6,817,349 thousand and \$4,535,850 thousand, constituting 23% and 14% of consolidated total assets as of March 31, 2024 and 2023; total liabilities amounting to \$4,730,115 thousand and \$2,769,383 thousand, constituting 27% and 17% of consolidated total liabilities as of March 31, 2024 and 2023; total comprehensive income amounting to \$(60,966) thousand and \$44,176 thousand, constituting 36% and 21% of consolidated total comprehensive income for the three months ended March 31, 2024 and 2023.

Furthermore, as stated in Note 6(h), the investments accounted for using the equity method of United Renewable Energy Co., Ltd. and its subsidiaries amounting to \$255,335 thousand and \$234,071 thousand as of March 31, 2024 and 2023, and its shares of profit of associates accounted for using the equity method amounting to \$(3,100) thousand and \$855 thousand for the three months ended March 31, 2024 and 2023, were recognized solely on the financial statements prepared by these investee companies, but not reviewed by independent auditors.

### **Qualified Conclusion**

Except for the adjustments, if any, as might have been determined to be necessary had the financial statements of investee companies described in the Basis for Qualified Conclusion paragraph above been reviewed by independent auditors, based on our reviews, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of United Renewable Energy Co., Ltd. and its subsidiaries as of March 31, 2024 and 2023, and of its consolidated financial performance and its consolidated cash flows for the three months ended March 31, 2024 and 2023 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, “Interim Financial Reporting” endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the reviews resulting in this independent auditors’ review report are Huang, Yung-Hua and Yu, Sheng-Ho.

(English Translation of Consolidated Financial Statements Originally Issued in Chinese)

**UNITED RENEWABLE ENERGY CO., LTD. AND SUBSIDIARIES**

**Notes to the Consolidated Financial Statements**

**March 31, 2024 and 2023**

**(Expressed in Thousands of New Taiwan Dollars, Unless Otherwise Specified)**

**(1) Company history**

United Renewable Energy Co., Ltd., formerly Neo Solar Power Corp., (the “Group”) was incorporated in the Republic of China on August 26, 2005. It specializes in manufacturing high-quality solar cells, solar cell modules and wafers. The Group’s main business activities include researching, developing, designing, manufacturing and selling solar cells, as well as participating in other solar-related businesses. Its ordinary shares have been listed on the Taiwan Stock Exchange (TWSE) since January 2009.

On October 1, 2018, the Group merged with former Gintech Energy Corporation (“Gintech”) and Solartech Energy Corporation (“Solartech”), with the Group as the sole surviving company. On March 31, 2019, the Group merged with former General Energy Solutions Inc. (GES), with the Group as the surviving company and GES as the dissolved entity.

**(2) Approval date and procedures of the consolidated financial statements**

The consolidated financial statements were approved and released by the Group’s Board of Directors on May 6, 2024.

**(3) New standards, amendments and interpretations adopted:**

- (a) The impact of the IFRS Accounting Standards endorsed by the Financial Supervisory Commission, R.O.C. which have already been adopted.

The Group has initially adopted the following new amendments, which do not have a significant impact on its consolidated financial statements, from January 1, 2024:

- Amendments to IAS 1 “Classification of Liabilities as Current or Non-current”
- Amendments to IAS 1 “Non-current Liabilities with Covenants”
- Amendments to IAS 7 and IFRS 7 “Supplier Finance Arrangements”
- Amendments to IFRS 16 “Lease Liability in a Sale and Leaseback”

- (b) The impact of IFRS issued by IASB but not yet endorsed by the FSC

The following new and amended standards, which may be relevant to the Group, have been issued by the International Accounting Standards Board (IASB), but have yet to be endorsed by the FSC:

<b>Standards or Interpretations</b>	<b>Content of amendment</b>	<b>Effective date per IASB</b>
IFRS 18 “Presentation and Disclosure in Financial Statements”	<p>The new standard introduces three categories of income and expenses, two income statement subtotals and one single note on management performance measures. The three amendments, combined with enhanced guidance on how to disaggregate information, set the stage for better and more consistent information for users, and will affect all the entities.</p> <ul style="list-style-type: none"> <li>● A more structured income statement: under current standards, companies use different formats to present their results, making it difficult for investors to compare financial performance across companies. The new standard promotes a more structured income statement, introducing a newly defined ‘operating profit’ subtotal and a requirement for all income and expenses to be allocated between three new distinct categories based on a company’s main business activities.</li> <li>● Management performance measures (MPMs): the new standard introduces a definition for management performance measures, and requires companies to explain in a single note to the financial statements why the measure provides useful information, how it is calculated and reconcile it to an amount determined under IFRS Accounting Standards.</li> </ul>	January 1, 2027

**Notes to the Consolidated Financial Statements**

<b>Standards or Interpretations</b>	<b>Content of amendment</b>	<b>Effective date per IASB</b>
	<ul style="list-style-type: none"> <li>● Greater disaggregation of information: the new standard includes enhanced guidance on how companies group information in the financial statements. This includes guidance on whether information is included in the primary financial statements or is further disaggregated in the notes.</li> </ul>	

The Group is evaluating the impact on its consolidated financial position and consolidated financial performance upon the initial adoption of the abovementioned standards or interpretations. The results thereof will be disclosed when the Group completes its evaluation.

The Group does not expect the following other new and amended standards, which have yet to be endorsed by the FSC, to have a significant impact on its consolidated financial statements:

- Amendments to IFRS 10 and IAS 28 “Sale or Contribution of Assets Between an Investor and Its Associate or Joint Venture”
- IFRS 17 “Insurance Contracts” and amendments to IFRS 17 “Insurance Contracts”
- Amendments to IFRS 17 “Initial Application of IFRS 17 and IFRS 9 – Comparative Information”
- Amendments to IAS21 “Lack of Exchangeability”

**(4) Summary of material accounting policies**

**(a) Statement of compliance**

These consolidated financial statements have been prepared in accordance with the preparation and guidelines of IAS 34 “Interim Financial Reporting” which are endorsed and issued into effect by FSC, and do not include all of the information required by the Regulations and International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations and SIC Interpretations endorsed and issued into effect by the FSC (hereinafter referred to IFRS Accounting Standards endorsed by the FSC) for a complete set of the annual consolidated financial statements.

Except the following accounting policies mentioned below, the material accounting policies adopted in the consolidated financial statements are the same as those in the consolidated financial statement for the year ended December 31, 2023. For the related information, please refer to note 4 of the consolidated financial statements for the year ended December 31, 2023.

(ii) Subsidiaries not included in the consolidated financial statements: None.

(c) Non-current assets held for sale (or disposal groups)

Non-current assets or disposal groups comprising assets and liabilities that are highly probable to be recovered primarily through sale rather than through continuing use, are reclassified as held for sale. Immediately before classification as held for sale, the assets, or components of a disposal group, are remeasured in accordance with the Group’s accounting policies. Thereafter, generally, the assets or disposal groups are measured at the lower of their carrying amount and fair value less costs to sell. Any impairment loss on a disposal group is first allocated to goodwill, and then to the remaining assets and liabilities on a pro rata basis, except that no loss is allocated to assets not within the scope of IAS 36 – Impairment of Assets. Such assets will continue to be measured in accordance with the Group’s accounting policies. Impairment losses on assets initially classified as held for sale and any subsequent gains or losses on remeasurement are recognized in profit or loss. Gains are not recognized in excess of the cumulative impairment loss that has been recognized.

Once classified as held for sale, intangible assets and property, plant and equipment are no longer amortized or depreciated, and any equity-accounted investee is no longer equity accounted.

(d) Income taxes

The income tax expenses have been prepared and disclosed in accordance with paragraph B12 of International Financial Reporting Standards 34, Interim Reporting.

Income tax expenses for the period are measured by multiplying together the pre-tax income for the interim reporting period and the management’s best estimate of effective annual tax rate. This should be recognized fully as tax expense for the current period.

**(5) Significant accounting assumptions and judgments, and major sources of estimation uncertainty**

The preparation of the consolidated financial statements in conformity with the Regulations and IFRS Accounting Standards (in accordance with IAS 34 “Interim Financial Reporting” and endorsed by the FSC) requires management to make judgments, estimates and assumptions that affect the application of the accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The preparation of the consolidated interim financial statements, estimates and underlying assumptions are reviewed on an ongoing basis which are in conformity with note 5 of the consolidated financial statements for the year ended December 31, 2023.

**(6) Explanation of significant accounts:**

Convertible preference shares - Phanes Holding Inc.	<u>\$ -</u>	<u>-</u>	<u>-</u>

- (i) The Group assessed its expected cash flows until maturity, which covers the entirety of interests and principle, and therefore, measured at amortized costs.
- (ii) Phanes Holding Inc. a project developer, is an overseas unlisted company. In order to build a long-term cooperative strategic relationship with Phanes Holding Inc. the Group subscribed to the entire five-year callable preference shares (C-Shares III) for 24,000 shares at par value.
- (iii) The above preference shares carried no voting rights and no dividend rights. Instead they carried preferential rights on dividends specified at 7% of the par value. The preference shares can be redeemed prior to, or later than, the maturity date under the agreement between the Group and Phanes Holding Inc.
- (iv) The principal amount of the above-mentioned special stock transaction is USD5,000 thousand and the interest receivable is \$29,176 thousand. According to the future recoverability which based on the preference shares cash flow assessment, the Group recognized impairment loss on financial assets.
- (v) Financial assets at amortized cost had not been pledged as collateral.

As of December 31, 2023, although the Interest Protection Multiples (IPM) and its tangible equity did not meet the above requirements, no breach of contract was committed. Instead, the Group have to pay the compensation fees to all joint credit banks each month until the next utilization date or the base date of interest rate adjusted to improve the financial ratio. According to the terms on the contract, the financial ratios need not be reviewed this quarter.
- 4) Other loan agreements
- The Group signed two long term contracts, with a duration of 25 year, with IMPA in December of 2017 and June of 2018. According to the terms and conditions of the loan, IMPA has the right to purchase all the shares of both GES AC, a company owned by the Group through MEGASIXTEEN, and AC GES, a company owned by the Group through TEV II and TEV Solar, starting from December 2022 and June 2024. Therefore, the contract includes an embedded derivative (selling a call option) that is not closely related to the main contract and is recognized as a financial liability designated at fair value through profit and loss; please refer to notes 6(b) and (ab). According to the contracts, it restricts part of the consolidated entities to transfer the shares before the derivatives instrument expires; please refer to note 13(b).
- The performance of its embedded derivative resulted in the Group's long-term borrowings from IMPA in December 2017 to be paid off in December 2023.
- 5) Please refer to note 8 for details of the guarantee situation of the consolidated company using assets to set mortgage for bank loans.

(Continued)

**UNITED RENEWABLE ENERGY CO., LTD. AND SUBSIDIARIES**  
**Notes to the Consolidated Financial Statements**

According to the above clauses, the Group has the financial obligation to make regular fixed payments to Class A preference shares shareholders. Therefore, the liabilities are separated and recognized as preference shares liabilities at the time of initial recognition.

In addition, the Group has the right to purchase all the Class A preference shares from its shareholders on a specified date. The above right is an embedded derivative call option, which is a financial asset designated at fair value through profit and loss at initial recognition that is not closely related to the host contract, among which, the call option of MEGASIXTEEN was completed in 2023. Please refer to the note 6(b) for more details.

(r) Lease liabilities

The Group leases certain land, buildings and transportation equipment for operating with lease terms of 3 ~ 20 years. Of the Group's authorized shares, 80,000 thousand shares had been reserved for the issuance of employee share options.

(ii) Capital surplus

The Company's capital surplus includes share premium, conversion right of convertible bonds, change in equity of subsidiaries, associates and joint venture under equity method, restricted shares for employees, and treasury stock transactions, etc.

(iii) Retained Earnings

According to the Articles of Incorporation, after-tax earnings are initially used to offset cumulative losses, and 10% of the remainder is set aside as a legal reserve. The appropriation for legal reserve is discontinued when the balance of the legal reserve equals the total authorized capital. Aside from the aforesaid, the Company may, under its Articles of Incorporation or as required by the government, appropriate or reverse for special reserve. The remaining balance of the earnings, if any, may be appropriated according to the Board of Directors. Besides, if the distribution plan is issuing new shares, it should be appropriated according to a resolution of a shareholder's meeting.

In accordance with the Company Law, two thirds of directors must be present in the board meeting, and more than half of the directors present agree, then the Board of Directors is authorized to distribute dividends, bonuses or all or a portion of the legal reserve and capital surplus as stipulated in Item 1 of Article 241 of the Company Law in the form of cash, which is reported to the shareholders' meeting.

In principle, the Group distributes dividends via both shares and cash as their dividend policy, and cash dividends should not be less than 10% of total dividends distributed.

The company's board of directors resolved the profit distribution plan for the year of 2022 on March 13, 2023, and reported on the shareholders' meeting on June 28, 2023. The amount is as follows:

	<b>For the year ended December 31, 2022</b>	
	<b>dividend per share (dollar/share)</b>	<b>Amount</b>
Dividends distributed to ordinary shareholders:		
Cash	\$ 0.1	<u>162,779</u>

(z) Employee compensation and directors' remuneration

According to the Articles of Incorporation, once the Group has annual profit, it should appropriate no less than 3% of the profit to its employees and 2% or less to its directors and supervisors as remuneration. However, if the Group has accumulated deficits, the profit should be reserved to offset the deficit.

The recipients of above-mentioned remuneration may include employees of controlling or affiliated companies who meet certain conditions, and the relevant conditions and methods are authorized by the Board of Directors or by persons authorized by them.

The remunerations to employees and directors amounted to \$5,032 thousand and \$503 thousand, respectively, for the three months ended March 31, 2023. The estimated amounts mentioned above are calculated based on the net profit before tax excluding the remunerations to employees and directors of each period, multiplied by the percentage of remunerations to employees and directors as specified in the Company's articles. These remunerations were expensed under operating costs or expenses for each period. If there are any subsequent adjustments to the actual remuneration amounts after the annual shareholder' meeting, the adjustment will be regarded as changes in accounting estimates and will be reflected in profit or loss in the following year. Shares distributed to employees as employee' remuneration are calculated based on the closing price of the Company's shares on the day before the approval by the Board of Directors. Due to accumulated loss for the three months ended March 31, 2024, the Group did not estimate its employees' and directors' remuneration.

FM Co., one of the Group's clients, claimed that the products, which were not delivered according to the purchase order schedule, failed to meet their specifications and quality requirements, resulting in FM Co., to file a lawsuit against the Group demanding for compensation for the damage, wherein the court ruled in favor of FM Co. in the third quarter of 2023. However, both parties reached a settlement in the fourth quarter of 2023, in which the Group recognized \$53,506 thousand as compensation losses.

(ab) Financial Instruments

Except for the contention mentioned below, there was no significant change in the fair value of the Group's financial instruments and degree of exposure to credit risk, liquidity risk and market risk arising from financial instruments. For the related information, please refer to the consolidated financial statements for the year ended December 31, 2023.

(i) Credit risk

1) Credit risk exposure

The carrying amount of financial assets and contract assets represents the maximum amount exposed to credit risk.

2) Concentration of credit risk

The Group has a large customer base, and is diversified across different industries and geographical locations, not related to each other, therefore, the concentration of credit risk is not large.

3) Credit risk of receivables and debt securities

The Group's financial assets at amortized cost, accounts receivable and other receivables are all with low risk on the reporting date. Therefore, the Group measures the allowance for impairment based on the 12 months expected credit loss. Please refer to note 6(d), (e) for relevant credit risk information.

The Group's exposure to currency risk arises from the translation of the foreign currency exchange gains and losses on cash and cash equivalents, accounts and other receivables, and accounts and other payables that are denominated in foreign currency. The weakening or strengthening of 1% on the above-mentioned foreign currency against the New Taiwanese Dollars would have increased or decreased and decreased or increased the net profit (loss) before tax for the three months ended March 31, 2024 and 2023 by \$11,826 thousand and \$20,721 thousand, respectively. The analysis assumes that all other variables remain constant. The analysis is performed on the same basis for the two periods.

Since the Group has many kinds of functional currency, the information on foreign exchange gain (loss) on monetary items is disclosed by total amount. For the three months ended March 31, 2024 and 2023, foreign exchange gain (loss) (including realized and unrealized portions), please refer to note 6(aa).

2) Interest rate risk

Please refer to the notes on liquidity risk management and interest rate exposure of the Group's financial assets and liabilities.

The following sensitivity analysis is based on the exposure to the interest rate risk of derivative and non-derivative financial instruments on the reporting date. Regarding liabilities with variable interest rates, the analysis is based on the assumption that the amount of liabilities outstanding at the reporting date was outstanding throughout the year. The rate of change is expressed as the interest rate increases or decreases by 0.25% when reporting to management internally, which also represents the Group management's assessment of the reasonably possible interest rate change.

(Continued)

**UNITED RENEWABLE ENERGY CO., LTD. AND SUBSIDIARIES**  
**Notes to the Consolidated Financial Statements**

If the interest rate had increased or decreased by 0.25%, the Group's net income (loss) would have decreased or increased by \$105 thousand and \$1,125 thousand for the three months ended March 31, 2024 and 2023 with all other variable factors remaining constant. This is mainly due to the exposure of the fair value interest rate risk of the Group's variable interest rate deposit and loans.

In addition, the Group's financial assets and liabilities with fixed interest rate are measured at amortized cost. The profit and loss of financial instruments are unaffected by fluctuations in interest rate on the reporting date, therefore, no sensitivity analysis has been disclosed.

3) Other market price risk

The Group's exposure to price risk on equity investments mainly arises from the investment of financial assets measured at fair value through other comprehensive income and financial assets at fair value through profit or loss. If the price of the securities fluctuates on the reporting date (the sensitivity analyses for the changes in the securities price at the reporting date were performed using the same basis for the profit and loss), the impact on the consolidated income items are as follows:

Prices of securities at the reporting date	For the three months ended March 31, 2024		For the three months ended March 31, 2023	
	Other comprehensive increase before income tax	Income before income tax	Other comprehensive increase before income tax	Income before income tax
Increasing 5%	\$ <u>27,960</u>	<u>8,335</u>	<u>22,408</u>	<u>-</u>
Decreasing 5%	\$ <u>(27,960)</u>	<u>(8,335)</u>	<u>(22,408)</u>	<u>-</u>

4) Fair value of financial instruments

a) Fair value hierarchy

The Group's financial assets and liabilities measured at fair value through profit and loss, financial assets and liabilities for hedging and financial assets measured at fair value through other comprehensive income are measured at fair value on a recurring basis. The carrying amount and fair value of various types of financial assets and liabilities (including the information on fair value hierarchy were as follows; however, except as described in the following paragraphs, for financial instruments not measured at fair value whose carrying amount is reasonably close to the fair value, and lease liabilities, disclosure of fair value information is not required) are listed as follows:

b) Valuation techniques for financial instruments not measured at fair value

The Group's valuation techniques and assumptions used for financial instruments not measured at fair value are as follows:

i) Financial assets measured at amortized cost

If the quoted prices in active markets are available, the market price is established as the fair value. However, if quoted prices in active markets are not available, the estimated valuation or prices used by competitors are adopted.

(Continued)

**UNITED RENEWABLE ENERGY CO., LTD. AND SUBSIDIARIES**  
**Notes to the Consolidated Financial Statements**

ii) Financial liabilities measured at amortized cost

If there is quoted price generated by transactions, the recent transaction price and quoted price data is used as the basis for fair value measurement. However, if no quoted prices are available, the discounted cash flows are used to estimate fair values.

c) Valuation techniques for financial instruments measured at fair value

i) Non-derivative financial instruments

If the financial instruments have a quoted price in an active market, the fair value should be determined on that price. The price quoted in major exchanges and over-the-counter trading are all considered basis for fair value determination for listed equity instruments.

A financial instrument is regarded as being quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency and those prices represent actual and regularly occurring market transactions on an arm's-length basis. Quoted market prices may not be indicative of the fair value of an instrument if the activity in the market is infrequent, the market is not well-established, only small volumes are traded, or bid-ask spreads are very wide.

The financial instruments held by the Group are distinguished according to the evaluation sources used to determine its fair value as follows:

- Financial instruments with an active market: including listed company stocks and fund beneficiary certificates, etc. The fair value of these instruments is determined by reference to their respective market quotes.
- Financial instruments without active market: Fair value is based on valuation techniques or reference counterparty quotes. The fair value obtained through evaluation techniques can refer to the current fair value of other financial instruments with similar conditions and characteristics, discounted cash flow method or other evaluation techniques, including calculations based on market information available on the date of the consolidated balance sheet.

ii) Derivative financial instruments

Measurement of the fair value of derivative instruments is based on the valuation techniques generally accepted by market participants such as the discounted cash flow or option pricing models; forward foreign exchange contracts are usually evaluated based on the current forward exchange rate, and the fair value of other types of derivative financial instruments are determined based on appropriate option pricing models (such as the Black-Scholes model) or other evaluation methods.

d) Transfer between Level 1 and level 3

The shares of EGAT held by the Group are classified as financial assets measured at fair value through other comprehensive income. The fair values on March 31, 2024, December 31 and March 31, 2023 were \$81,750 thousand, \$81,375 thousand and \$95,844 thousand respectively. The shares of EGAT began to be listed, and there were quotations in the active market in March 2023. Therefore, its fair value measurement was transferred from Level 3 to Level 1 on March 31, 2023.

e) Reconciliation of Level 3 fair values

The changes in Level 3 fair values for the three months ended March 31, 2024 and 2023 are as follows:

	<b>Derivative instrument - Net of fair value measured through profit and loss</b>		<b>Non quoted equity instrument - fair value through other comprehensive income</b>	
	<b>2024</b>	<b>2023</b>	<b>2024</b>	<b>2023</b>

Ending balance	<u>\$ 56,246</u>	<u>51,594</u>	<u>297,500</u>	<u>271,081</u>

As of March 31, 2024 and 2023, the total gains and losses were included in “other gains and losses” and “unrealized gains and losses of financial assets at fair value through other comprehensive income”. The relevant assets were as follows:

	<b>For the three months ended March 31,</b>

- f) Quantified information on significant unobservable inputs (Level 3) used in fair value measurement

The Group's financial instruments that use Level 3 inputs to measure fair value include "financial assets measured at fair value through profit or loss – derivative instruments" and "fair value through other comprehensive income – equity investments".

Most of the fair value classified as Level 3 are singular significant unobservable input value, except for equity investments without an active market, which has multiple significant unobservable input data. The significant unobservable input values of equity instruments without an active market are independent of each other, thus there are no correlation between them.

Quantified information of significant unobservable inputs was as follows:

<u>Item</u>	<u>Valuation technique</u>	<u>Significant unobservable inputs</u>	<u>Inter-relationship between significant unobservable inputs and fair value measurements</u>
Financial assets measured at fair value through profit and loss - derivatives instruments (long call options and short call options)	Option pricing model	·Stock price volatility (20.69%~28.32% for March 31, 2024 and December 31, 2023, 23.78%~27.82% for March 31, 2023, respectively)	·The higher the volatility of the stock price, the higher the fair value of longing the call option and lower the fair value of shorting the call option
Financial assets measured at fair value through other comprehensive income - equity instruments without an active market	Income Approach	·Discount rate (11.6081% for March 31, 2024 and December 31, 2023, 15.7236% for March 31, 2023, respectively)	·The higher the ratio, the lower the fair value

- (iv) The Group agreed to have an obligation to sell the shares of the investees in the specific period, please refer to note 6(b).
- (v) The Group signed an electricity purchase contract with several companies. According to the contract, the Group can sell its own power plant to these companies, who are not allowed to resell electricity without authorization from the Group. The contracts are irrevocable, with contract periods ranging from 20~31 years.
- (vi) Due to power plant installations, the Group signed non-fixed lease payment agreements with others, please refer to note 6(r).
- (vii) The Group entered into separate long-term purchase agreements with several different silicon wafer suppliers. The Group has to make advance payments as guarantee and the suppliers shall meet the supply of materials in accordance with the contract terms. The advance payment may not be used for any other purposes than to deduct the payables arising from the purchase which is decided by both parties according to market price. In addition, the Group will recognize the impairments on the prepaid amounts of long-term purchase agreements, according to the suppliers' operations as follows:

(b) Contingencies

- (i) The Group leased its plants to DU then a fire broke out in October 2017, and DU was affected and requested damages from the Group. The two parties reached a settlement in May 2019 that offset the money DU owed to the Group. However, EZ Bank, the mortgagee of DU's equipment, had objections to the settlement, and requested the Group to pay damages to DU, claim that the creditor's rights and debts could not be offset by the Group. The Group assessed that it was against DU that the creditor's rights of DU and DU's right to claim damages against the Group are legally offset, so EZ Bank's request has no basis. In this case, on July 1, 2021, the court judged that the Group should pay EZ Bank \$159,335 thousand. The Group has appointed a lawyer to file an appeal on the grounds that the judgment was unreasonably flawed.
- (ii) The Group and its subcontractor, FN Co., had a disagreement in the interpretation of the payment terms for the second phase of the construction and materials contract. For this reason, FN Co. requested \$79,841 thousand from the Group with a payment order. The Group assessed that FN Co. did not complete the contract requirements, so the Group objected to the above-mentioned payment order and will enter into litigation. However, the litigation process has not yet started, and the request of FN Co. has not been fulfilled according to the contract. Therefore, the Group evaluates that the case should not have an immediate or significant impact on its finance or business.
- (iii) The Group, FP and FQ Co. claimed for the arbitration due to a dispute over the maintenance contract. The Group has recognized estimated losses and will make necessary adjustments in the future depends on the results of the settlement.
- (iv) The Group's supplier, G Co. had the dispute with CE Co., and CE Co. filed a garnishment and transfer order to the Group, and requested \$70,480 thousand with 5% interest annually. In this case, CE Co. was ruled in favor of the first instance, and the Group has assessed and recognized possible losses. However, the Group appealed for the inaccuracies in the judgment. In 2021, the second instance ruled that the Group won the case, and the Supreme Court has now remanded it for retrial due to doubts about the application of laws and regulations.
- (v) The Group invested in the construction of solar power plants in Mexico according to its strategic overseas expansion plan. However, at the end of August 2023, the Mexican Energy Regulatory Commission notified the Group that its application for extension on commercial operation in November 2020 has been denied due to deficiency and changes in the local energy policy, resulting in future uncertainty. For that matter, the Group filed a lawsuit against the Mexican government and has appointed local lawyers to handle the case. Although the outcome of the litigation has not yet been determined, the Group has recognized the possible losses of \$897,607 thousand according to the currently available information. As of March 31, 2024, the carrying amount of the power plant was \$351,784 thousand, recognized as inventories.

**UNITED RENEWABLE ENERGY CO., LTD. AND SUBSIDIARIES**  
**Notes to the Consolidated Financial Statements**

- (vi) FV Co., one of the Group's clients, claimed that the Group failed to deliver the goods according to the purchase order schedule, hence, filed a lawsuit against the Group and for the compensation of \$60,759 thousand, which the Group disagreed to and engaged a lawyer to handle the case. The case is under trial, and the Group has also recognized possible losses.
- (vii) The Group and its subcontractor, FW Co., had a dispute over relevant development application procedures, hence, filed a lawsuit against the Group and for the compensation of \$7,168 thousand, which the Group disagreed to and engaged a lawyer to handle the case.
- (viii) The Group and its subcontractor, FX Co., had a dispute over maintenance obligations under the construction contract, hence, filed a lawsuit against the Group and for the request payment of \$11,119 thousand. The Group had estimated relevant costs and engaged a lawyer to handle the case.
- (ix) The Group had signed a sales agreement with FG Co. However, affected by market conditions, FG Co. failed to perform by the order, which caused the Group to suffer losses due to retirement of inventories. Therefore, the Group applied to execute the Stand by LC issued by FG Co. to the Group, and get the payment of \$1,097,250 thousand. Subsequently, both parties conducted settlement negotiations, and FG Co. notified the Group to ship the goods, but the transaction price had yet to be negotiated. As of March 31, 2024, the Group had received advance payment of \$646,817 thousand, recognized as contract liabilities.

**(10) Losses due to major disasters: None**

**(11) Subsequent Events:**

- (a) The Group detected some of its information systems were attacked by hackers on April 11, 2024. The information security team had fully launched relevant defense mechanisms and recovery operations at the time of the incident, the team also coordinated with the external information security company to handle the matter. The Group evaluates that the incident should not have significant impact on its operations.
- (b) The Company's Board of Directors approved to issue fourth domestic secured convertible bonds on May 6, 2024. Related information would be available at the Market Observation Post System website.
