NSP Announced November Revenue of NT\$1,962 million

Neo Solar Power Corporation ("NSP", or "the Company", publicly listed on Taiwan Stock Exchange, Ticker: 3576 TT), a world-class leading producer of high quality solar cells in Hsinchu, Taiwan, today announced November 2015 revenue of NT\$1,962 million. Currently, the company is running at full capacity, and the reason of revenue decrease compared with last month was mainly due to one-time revenue from selling solar farm in October.

Benefiting from the strong demand, the current market as a whole continues to grow. In addition, China, the United States, Japan, India and many emerging markets are also promoting solar power aggressively, which implies an optimistic industry outlook. The company is currently running at full capacity, and the order visibility is foreseen. The future revenue growth momentum is expected.
